

PRADHAN MANTRI

# KRISHI SINCHAYEE YOJANA

## objective

## salient features

Decentralized State level planning and projectised execution' structure, in order to allow States to draw up a District Irrigation Plan (DIP), and a State Irrigation Plan (SIP). These plans need to be prepared in order to access PMKSY fund.

PMKSY has been formulated amalgamating ongoing schemes viz.

- Accelerated Irrigation Benefit Programme (AIBP),
- Integrated Watershed Management Programme (IWMP),
- On Farm Water Management (OFWM) Component of National Mission on Sustainable Agriculture (NMSA).

Recently, Long Term Irrigation Fund has been instituted under PMKSY in NABARD for funding and fast tracking the implementation of incomplete major and medium irrigation projects.

It will be supervised and monitored by Inter-Ministerial National Steering Committee (NSC) under PM with Union Ministers of all concerned Ministries. A National Executive Committee (NEC) is to be constituted under the Chairmanship of the Vice Chairman, NITI Aayog to oversee programme implementation.

Water budgeting is done for all sectors namely, household, agriculture and industries.

Investments will happen at farm level. So, farmers know what is happening and can provide valuable feedback.

## accelerated irrigation benefit programme (AIBP)

Ministry of Water Resources, River Development & Ganga Rejuvenation

Faster completion of ongoing Major and Medium Irrigation including National Projects

PMKSY har khet ko pani

Ministry of Water Resources, River Development & Ganga Rejuvenation

Repair, restoration and renovation of water bodies.

Command area development

Creation of new Water Sources through Minor Irrigation (both surface and ground water)

Strengthening carrying capacity of traditional water sources, construction Rain Water Harvesting structures (Jal Sanchay); Jal Mandir (Gujarat); Khatri, Kuhl (H.P.); Zabo (Nagaland); Eri, Ooranis (T.N.); Dongs (Assam); Katas, Bandhas (Odisha and M.P.)

## PMKSY per drop more crop

Ministry of Agriculture

Promoting efficient water conveyance and precision Water Application Devices like drips, sprinklers, pivots, rain - guns in the farm (Jal Sinchan)

Extension activities for promotion of Scientific Moisture Conservation, Crop combination, crop alignment etc.,

(ICT) interventions through NeGP -- precision Irrigation Technologies, on farm water management, crop alignment etc. and also to do intensive monitoring of the Scheme.

## PMKSY watershed development

Department of Land resources, Ministry of Rural development

Converging with MGNREGS

DPAP, DDP and IWDP were consolidated under this component

Effective management of runoff water and improved Soil & Moisture Conservation activities

Cluster Approach in selection and preparation of projects
