ANNUAL STATUS OF EDUCATION REPORT (ASER) 2022 RELEASED BY NGO PRATHAM

- ASER (first conducted in 2005) is an **annual, citizen-led household survey** to understand whether **children in rural India are enrolled** in school and **whether they are learning**.
 - Whereas, **National Achievement Survey (NAS)** is **undertaken by Ministry of Education**. It provides structured feedback on student learning levels at District, State, and national levels.
- ASER 2022 is **first field-based 'basic' nationwide ASER** since 2018.
 - In ASER 2022, children in **age group of 3 to 16 years** were surveyed to record their **schooling status and assess their basic reading and arithmetic skills**.
- Key findings**

Parameters	Data	Trend wrt 2018
● Overall enrollment in age group 6-14	● 98.4% in 2022	● Increase ↑
● Proportion of 15-16-year-old girls not enrolled	● 7.9% in 2022	● Decrease ↓
● Children taking Paid private tuition classes from 1st to 7th standard	● 30.5% in 2022	● Increase ↑
● Reading ability of class 3	● 20.5% in 2022	● Decrease ↓
● Arithmetic ability (subtraction) of class 3	● 25.9% in 2022	● Decrease ↓
● Average teacher attendance	● 87.1% in 2022	● Increase ↑
● Schools with drinking water available	● 76% in 2022	● Increase ↑
● Schools with useable girls' toilets	● 68.4% in 2022	● Increase ↑

NEW QUALITY CONTROL ORDERS (QCOS) FACE PUSHBACK FROM WTO MEMBERS AND DOMESTIC MANUFACTURERS

- India's step to introduce a **draft of QCO to curb Chinese import surge and boost exports to western markets** is facing objections at WTO.
 - Department for Promotion of Industry and Internal Trade (DPIIT) is planning to issue 50 QCOs for products such as aluminium, copper items etc.
- QCOs are **issued by various Ministries/Departments of Government of India** in exercise of **powers conferred by section 16 of Bureau of Indian Standards (BIS) Act, 2016**.
 - QCO aims to **ensure compliance of products to compulsory Indian Standards in public interest**, protection of human, animal or plant health, prevention of unfair trade practices, etc.
 - Items, under these orders, **cannot be produced, sold/traded, imported and stocked unless they bear BIS mark**.
- QCO benefits:** Better quality products to consumers, helps in becoming India to be part of **global supply chain** through quality manufacturing.
- Concerns raised**
 - WTO members:** Can be misused as **trade restrictive measures and delay grant of permission for imports** from specific countries.
 - Domestic Manufacturers:** Gives rise to supply-chain constraints, unreliability of Indian companies and **diversion of export orders** due to limited time given to industry to comply with Standards.
 - Example, QCO on viscose staple fibres gave the industry only 30 days to comply.

CENTRE PROPOSES CHANGES TO INSOLVENCY AND BANKRUPTCY CODE (IBC), 2016

- IBC is a **time-bound, market mechanism for reorganization and insolvency resolution of corporate loans** in financial stress.
 - It is implemented by **Insolvency and Bankruptcy Board of India (IBBI)**.
- To strengthen its functioning, **Ministry of Corporate Affairs** has proposed below changes in **IBC, 2016**.

Area	Proposed Changes
Technology	<ul style="list-style-type: none"> Developing an e-platform to handle multiple processes under IBC such as case management, delivery of notices etc. with minimum human interface.
Corporate Insolvency Resolution Process (CIRP) applications admission	<ul style="list-style-type: none"> Financial Creditors to ascertain default or dispute occurrence at Information Utilities before CIRP application. Adjudicating Authority (AA) to mandatorily admit application and initiate CIRP (if default is established), appoint Interim Resolution Professional on IBBI recommendation and it can impose penalties on IBC violations.
Insolvency Resolution Process	<ul style="list-style-type: none"> Redesigning Fast-track corporate Insolvency Resolution Process (FIRP). Expanding Pre-packaged Insolvency Resolution Framework (PRIRP) applicability to a broader range of companies in addition to MSMEs. Limiting real estate cases outcomes to default projects only. Appointment of administrator in specific CIRP by Central government etc.
Liquidation Process	<ul style="list-style-type: none"> Recasting liquidation process to enable Committee of Creditors (CoC) to request AA for direct dissolution, if liquidation is not feasible. Eliminating duplication of activities between CIRP and Liquidation Process. CoC to supervise and support liquidator's functioning, and take all decisions in liquidation by simple majority etc.
Other Areas	<ul style="list-style-type: none"> IBBI to register and regulate a special class of valuers for rendering all valuation-related services.

Corporate Insolvency is a situation when the company is inefficient to settle its debts to the creditors. Under IBC, we have 3 types of resolution processes as:

CIRP

- It is a **creditor-in-control model** to resolve the corporate insolvency of a corporate debtor for defaults of minimum amount of **₹1 crore**.
- It is to be completed within a period of **180 days** (with a maximum of **270 days**).

PRIRP

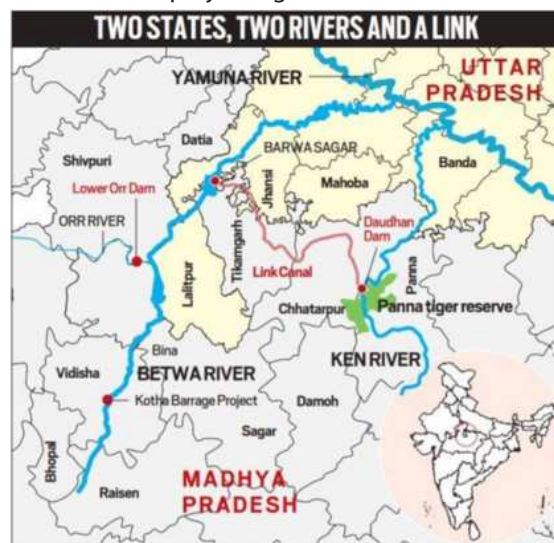

- It is a **debtor-in-possession model** for speedier resolution of MSMEs insolvency.
- It allows for a **Swiss challenge** to the resolution plan and to be completed within a period of **120 days**.

FIRP

- It covers **Small-sized companies, Start-Ups and Unlisted Companies** with a total asset value of **below ₹1 crore**.
- It is to be completed within a period of **90 days**.

THIRD MEETING OF STEERING COMMITTEE OF KEN-BETWA LINK PROJECT (SC-KBLP) HELD

- SC- KBLP meeting highlighted that **Greater Panna Landscape (GPL) council is being constituted for implementation of Landscape Management Plan (LMP) and Environment Management Plan (EMP) of project**.
 - Earlier, **Integrated LMP for GPL was released** by Ministry of Jal Shakti (MoJS) in 2022. It was prepared in respect of KBLP.
 - It provides for **better habitat protection, and management of flagship species such as Tigers, Vultures, and Gharial**.
- KBLP is the **first project under National Perspective Plan (NPP) for interlinking of rivers**.
 - It envisages to **transfer water from Ken River to Betwa river**. They both are **tributaries of Yamuna**.
 - It lies in **Bundelkhand, a drought-prone region**, which spreads across 13 districts of **Uttar Pradesh (UP) and Madhya Pradesh (MP)**.
- Benefits of KBLP:** Provide water for irrigation, drinking purpose; solve droughts issue in Bundelkhand region, produce hydropower etc.
- Concerns of KBLP:** Lead to **submergence of about 7.6% of total Panna Tiger Reserve area** (critical tiger habitat); **threats to faunal and floral diversity**; loss of two million trees etc.
- In addition, two wildlife sanctuaries namely **Nauradehi Wildlife Sanctuary and Rani Durgawati Wildlife Sanctuary of MP** and one, **Ranipur Wildlife Sanctuary of UP** have been approved by state government for bringing them under project Tiger.

- NPP** was prepared in 1980 by the then Ministry of Irrigation (now MoJS), to transfer water from water surplus basins to water-deficit basins.
 - Based on NPP, National Water Development Agency (NWDA) identified 30 river links: 16 under Peninsular component (including KBLP) and 14 under Himalayan Component.

INDIA FAST-TRACKS ARUNACHAL DAMS, EXPEDITES STALLED PROJECTS FEARING WATER WAR BY CHINA

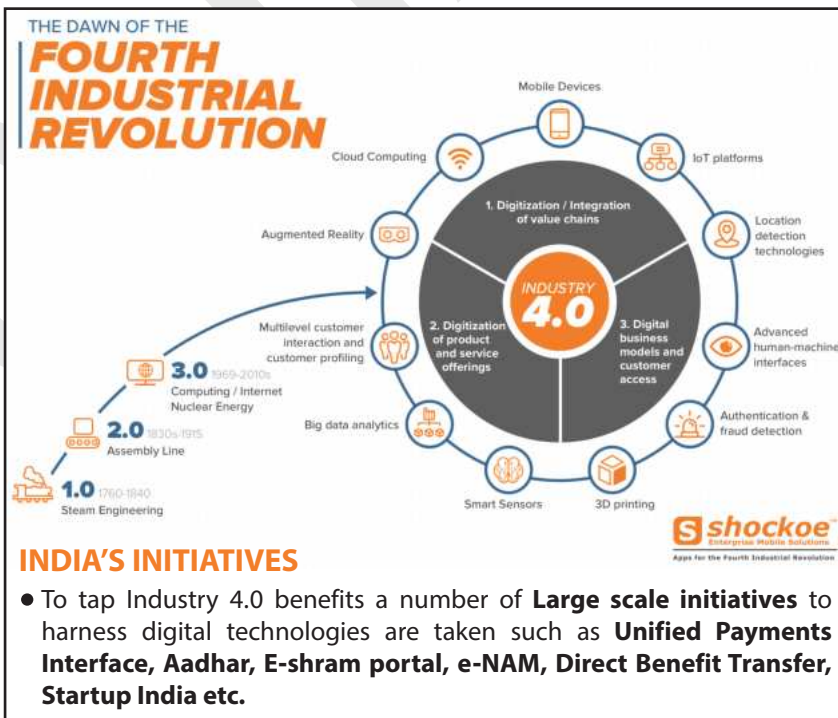

- In response to Chinese dams being built in north-east, India has initiated its **biggest hydroelectric project in Upper Subansiri in Arunachal Pradesh (AR)** to reduce the adverse effects of Chinese dam.
 - Also, India is **moving three stalled hydro projects in AP for possible allocation to National Hydroelectric Power Corporation** after recommendations of evaluation committee and in-principle permission by Ministry of Power.
- China plans to construct **60,000MW hydropower project on Yarlung Zangbo (Brahmaputra) at Medog** on border with AR.
 - After construction, China plans to **divert Brahmaputra water from the project** to its northern arid region.
 - Three more projects** i.e., 640 MW project at Dagu, 710 MW project at Bayu & 800 MW project at Zhongyu is in **advance stage of planning**.
- Concerns associated with increasing Chinese infrastructure**
 - Impact lower riparian states, particularly India** including environmental consequences.
 - Diversion of water could **strain India's agricultural need in northeast region**.
 - Use of water infrastructure as a form of **territorial demarcation and control**.
 - Causes flood like situation** in Assam and AR.

BRAHMAPUTRA RIVER

- It **originates from Kailash ranges of Himalayas**. After flowing through Tibet, it **enters India through AP** and **flows through Assam and Bangladesh** before joining Bay of Bengal.
- It accounts for around **30 percent of India's freshwater resources** and **40 percent of its whole hydropower potential**.
- Tributaries:** Subansiri, Borgong, Dhansiri (North) Manas, etc on North bank; and Noadehing, Buridehing, Desang, Dikhow, Bhogdoi etc on South Bank.

HYDERABAD TO HOST INDIA'S FIRST FOURTH INDUSTRIAL REVOLUTION (IR) CENTRE ON HEALTHCARE, LIFE SCIENCES

- Centre for Fourth Industrial Revolution (C4IR)** will be set up in collaboration with World Economic Forum (WEF), an **autonomous organization (HQ: Geneva, Switzerland)**.
 - C4IR will be the 18th centre in WEF's **fourth IR network**, spanning four continents, and it will focus on life sciences and healthcare.
- Fourth IR, also known as **Industry 4.0**, is a **collective term for converging technologies** which blurs the distinction between **physical, digital and biological realms**.
 - Industry 4.0 builds upon Industry 3.0** which was largely based on use of electronics and information technology. (refer image for various IR's).
- Significance of Industry 4.0:** Impacting advances in Science and Technology as well as processes of businesses, **Industry 4.0 brings multiple possibilities such as:**
 - Personalized and affordable healthcare, integrating MSMEs in global value chains, Ease of living, ensuring long-term gains in efficiency and productivity etc.
- Concerns:** Job Loss (due to automation), Increased inequalities, Privacy and Security concerns etc.

Environmental, Social or Governance (ESG)

- International Financial Services Centres Authority issued a **framework for disclosure by Fund Management Entities for ESG Schemes**.
 - Estimates suggest that by 2025, over a third of assets under management globally, shall pertain to ESG.
- ESG is a **framework to helps stakeholders to understand how an organization is managing risks and opportunities** related to environmental, social, and governance criteria.
 - Environmental factors include** Climate change, Air and water pollution, Biodiversity etc.
 - Social factor includes** Customer satisfaction, Data protection and privacy, Gender and diversity etc.
 - Governance factors include** Board composition, Audit committee structure etc.

 <p>Advance Authorization Scheme (AAS)</p>	<ul style="list-style-type: none"> Directorate General of Foreign Trade has notified amended rules for extending Export Obligation under AAS. <ul style="list-style-type: none"> Move will help automate entire Export Obligation extension process with minimal human intervention and lead to ease of doing business. AAS is a duty exemption scheme issued by Government of India under Foreign Trade Policy 2015-2020. <ul style="list-style-type: none"> It exempts payment of import duties on raw materials/inputs required for manufacturing products for export. It allows duty free import of inputs, which are physically incorporated in an export product. It additionally allows packaging material, fuel, oil, catalyst which is consumed / utilized in production of export product.
 <p>Performance Assessment, Review, and Analysis of Knowledge for Holistic Development (PARAKH)</p>	<ul style="list-style-type: none"> National Council for Education Research and Training (NCERT) has notified India's first national assessment regulator, PARAKH. PARAKH was launched under National Education Policy (NEP), 2020 by Ministry of Education. <ul style="list-style-type: none"> It facilitates a platform for students for self-assessment of learning outcomes and 21st-century life skills acquired by students. It works on setting norms, standards and guidelines for student assessment and evaluation for all recognised school boards in country. Assessment guidelines will help in removing disparities in scores of students enrolled with different state boards.
 <p>Nature Risk Profile (NRP)</p>	<ul style="list-style-type: none"> UN Environment Programme (UNEP) and S&P Global has launched Nature Risk Profile. NRP is aimed at enabling financial sector to measure and address nature-related risk by providing scientifically robust and actionable analytics on nature impacts and dependencies. <ul style="list-style-type: none"> Its methodology is based on Kunming-Montreal Global Biodiversity Framework (GBF), adopted in December 2022. GBF includes a target for governments to take legal, administrative or policy measures to encourage and enable businesses to regularly monitor, assess, and transparently disclose their risks, dependencies and impacts on biodiversity.
 <p>Bharat Pravah</p>	<ul style="list-style-type: none"> Union Minister of Shipping, Waterways and Ports launched an initiative 'Bharat Pravah - India along its River and Shores'. Bharat Parvah will highlight the role of rivers-ports-shipping in everyday life of a common man through literature, dialogue and communication through regional, national and international events. Rivers and Seas have deep connotations and connect with the social psyche of India. <ul style="list-style-type: none"> They are part of economic activities, rituals and religious texts, connecting people and their hearts across India such as Dwarka in West, Guwahati in East, Varanasi in North or Rameswaram in South.
 <p>Grameen Udhya Programme</p>	<ul style="list-style-type: none"> Ministry of Skill development and Entrepreneurship facilitated 200 tribal women under Grameen Udyami Programme. Programme aims to build skills and spirit of entrepreneurship among tribal communities for their inclusive and sustainable development. <ul style="list-style-type: none"> Under it, multiple vocational and functional skills are being imparted to India's youth to increase their employment opportunities. Programme is held under Sansadiya Sankul Pariyojana (SSP). <ul style="list-style-type: none"> SSP aims to expand rural and local economy, enhance employment opportunities, reduce forced migration and lead to conservation of natural resources.
