Daily Current Affairs MCQs – 11 November 2025 | Dhyeya IAS

Q1: The Ayni Airbase, recently in the news, holds strategic importance for India due to which of the following reasons?

1. It was India's only full-fledged overseas military base developed and maintained for nearly two decades.
2. It is located close to the Wakhan Corridor, giving India surveillance advantage over Pakistan-occupied Kashmir (PoK) and China's Xinjiang province.
3. It has been used by India for humanitarian evacuation operations.
4. It hosts a joint India–Russia air detachment under the Shanghai Cooperation Organisation (SCO) framework.

Select the correct answer using the code given below:

- A: 1 and 2 only
- B: 1,3 and 4 only
- C: 1, 2 and 3 only
- D: 1, 2, 3 and 4

Q2: With reference to recent scientific findings presented ahead of COP30, consider the following statements:

1. The rate of global temperature rise has accelerated to nearly 0.27°C per decade, about 50% faster than during the 1990s and 2000s.

2. The global mean sea level is rising at around 4.5 mm per year, which is more than double the 20th-century average.
3. The world is projected to breach the 1.5°C warming threshold around 2050 if current emission trends continue.
4. Coral reefs and the Amazon rainforest are among the ecosystems approaching critical tipping points.

Which of the statements given above are correct?

- A: 1 and 2 only
- B: 1,3 and 4 only
- C: 1, 2 and 4 only
- D: 1, 2, 3 and 4

Q3: With reference to the 2025 United Nations Climate Change Conference (COP30), consider the following statements:

1. COP30 is being hosted by Brazil in the city of Belém, located in the Amazon region, at the Hangar Convention Centre.
2. The Brazilian government symbolically transferred the nation's capital from Brasília to Belém during the conference period.
3. André Corrêa do Lago, a Brazilian diplomat with experience in global climate negotiations, serves as the President of COP30.
4. The decision to host COP30 in Belém was first announced during COP28 and officially confirmed in 2024.

Which of the statements given above are correct?

- A: 1 and 2 only
- B: 1 and 3 only
- C: 1, 2 and 3 only
- D: 1, 2, 3 and 4

Q4: With reference to the recent ICAR study (2017–2023) on Soil Organic Carbon (SOC) across India, consider the following statements:

1. The study found that low levels of soil organic carbon are strongly associated with higher micronutrient deficiencies in soils.
2. Soil organic carbon content shows a positive correlation with elevation and a negative correlation with temperature.
3. Rice- and pulse-based cropping systems generally show higher soil organic carbon compared to wheat- and coarse-grain-based systems.
4. The study concluded that fertilizer misuse has little impact on soil organic carbon loss compared to climatic factors.

Which of the statements given above are correct?

- A: 1 and 2 only
- B: 1,3 and 4 only
- C: 1, 2 and 3 only
- D: 1, 2, 3 and 4

Q5: With reference to the *Global Burden of Disease (GBD) 2023* study on Chronic Kidney Disease (CKD), consider the following statements:

1. India recorded the second-highest number of CKD cases globally, after China.
2. CKD was among the top ten causes of death worldwide in 2023.
3. CKD accounted for nearly one-fifth of global cardiovascular deaths, ranking above diabetes and obesity.
4. South Asia recorded one of the highest regional prevalence rates of CKD in the world.

Which of the statements given above are correct?

- A: 1 and 2 only
- B: 1,2 and 4 only
- C: 2,3 and 4 only
- D: 1, 2, 3 and 4
